

## ABSTRACT

---

*Development of Lecturer Portal for Academic Information System or commonly called with SIAKAD by PT. BISA ARTIFISIAL INDONESIA, will facilitate university lecturers in processing academic data of their students, therefore the author was commissioned by PT. BISA ARTIFISIAL INDONESIA as a Web Programmer, to create a mockup of user interface design for Lecturer Portal by using Figma and implement it into the Website using Laravel Framework.*

*Keywords: Academic Information System, User Interface Mockup*
