

## LIST OF FIGURES

|                                                                                             |    |
|---------------------------------------------------------------------------------------------|----|
| Figure III. 1 Conceptual Model.....                                                         | 25 |
| Figure IV. 1 XL Axiata Logo.....                                                            | 30 |
| Figure IV. 2 XL Axiata Equity Bar Chart 2006-2020 .....                                     | 33 |
| Figure IV. 3 XL Axiata Labor Bar Chart 2006-2020 .....                                      | 34 |
| Figure IV. 4 XL Axiata IT Capital Expenditure Bar Chart 2006-2020 .....                     | 34 |
| Figure IV. 5 XL Axiata Revenue Bar Chart 2006-2020 .....                                    | 35 |
| Figure IV. 6 One Sample Data Kolmogorv-Smirnov .....                                        | 36 |
| Figure IV. 7 Multicollinearity Assumption Test Results .....                                | 37 |
| Figure IV. 8 Heteroscedasticity Test Results with Scatterplot Graph .....                   | 38 |
| Figure IV. 9 Autocorrelation Test Results with the Durbin-Watson method .....               | 39 |
| Figure IV. 10 The R Hypothesis Test (Source: Data processed in SPSS) .....                  | 40 |
| Figure IV. 11 Test Hypothesis F (Source: Data processing in SPSS) .....                     | 40 |
| Figure IV. 12 Hypothesis T Test (Source: Data processing in SPSS) .....                     | 41 |
| Figure IV. 13 Table of parameter estimates (Source: Data processed in SPSS). .....          | 43 |
| Figure IV. 14 Navigate to the Analyze-Regression-Linear page .....                          | 45 |
| Figure IV. 15 Filling in the Dependent and Independent fields in the SPSS application ..... | 46 |
| Figure IV. 16 Coefficients are the results of the SPSS calculation.....                     | 46 |
| Figure IV. 17 .....                                                                         | 47 |
| Figure IV. 18 Display of the Nonlinear Regression tab in the SPSS application.....          | 49 |
| Figure IV. 19 Non-linear regression results in SPSS (Source: SPSS).....                     | 49 |
