

FOREWORD

By expressing gratitude to Allah SWT for His grace, the author can complete the research entitled **"Designing Project Baseline Team 2 and Cost Reimbursement Dashboard of Integrated Educational Application Development Project at XYZ Company"**. The research of the final thesis was submitted as one of the conditions to complete the study in the Industrial Engineering study program, Faculty of Industrial Engineering, Telkom University.

During the preparation process, the author has received a lot of guidance, advice, and motivation from various parties. So, on this occasion, the author expressed his deepest gratitude to:

1. Mrs. Devi Pratami, ST., MT as a Guidance Lecturer has given a lot of advice and guided the author in completing this final thesis.
2. Mr. Muhammad Nashir Ardiansyah, ST., MT., PhD as Head of the Industrial Engineering Study Program of the School of Industrial and System Engineering Telkom University which supports the academic and non-academic activities of the author.
3. Mr. Dr. Irfan Darmawan, ST., MT. As Dean of Telkom University's School of Industrial and System Engineering.
4. Mr. Wawan Tripiawan, ST., MT. as a Guardian Lecturer author during the lecture period.
5. All lecturers and staff of the industrial engineering study program, School of Industrial and System Engineering Telkom University who have provided knowledge for writers during the lecture period.
6. Both parents and the entire family of the author always provide support and prayers during the author's drafting for the final project task.
7. All my friends always help and provide support during the lecture period.

The author realizes that in the preparation of this final task examination there are still shortcomings so constructive criticism and suggestions are expected for the perfection of the preparation of this final task examination. The author hopes that this article can be useful for all those who read it as well as for the author.
