

## DAFTAR ISI

|                                        |      |
|----------------------------------------|------|
| LEMBAR PENGESAHAN .....                | ii   |
| DAFTAR ISI.....                        | viii |
| DAFTAR GAMBAR .....                    | xi   |
| DAFTAR TABEL .....                     | xii  |
| 1.1. Latar Belakang Masalah.....       | 1    |
| 1.2. Rumusan Masalah .....             | 2    |
| 1.3. Tujuan dan Manfaat .....          | 2    |
| 1.4. Batasan Masalah.....              | 3    |
| 1.5. Metode Penelitian.....            | 3    |
| BAB II TINJAUAN PUSTAKA.....           | 4    |
| 2.1. Internet of Things.....           | 4    |
| 2.2. <i>Smart Adaptive Light</i> ..... | 4    |
| 2.3. <i>Relay</i> .....                | 4    |
| 2.4. <i>Raspberry pi</i> .....         | 5    |
| 2.4.1. <i>SoC</i> .....                | 5    |
| 2.4.2. <i>RAM</i> .....                | 6    |
| 2.4.3. <i>PMIC</i> .....               | 6    |
| 2.4.4. <i>Radio Module</i> .....       | 7    |
| 2.4.5. <i>USB Port</i> .....           | 8    |
| 2.4.6. <i>Ethernet Port</i> .....      | 8    |
| 2.4.7. <i>Micro SD Card Slot</i> ..... | 9    |
| 2.4.8. <i>GPIO Header</i> .....        | 9    |
| 2.4.9. <i>Connector Display</i> .....  | 10   |
| 2.4.10. <i>Power Input</i> .....       | 10   |
| 2.4.11. <i>HDMI Port</i> .....         | 11   |

|                                  |                                                   |    |
|----------------------------------|---------------------------------------------------|----|
| 2.5.                             | <i>Machine Learning</i> .....                     | 11 |
| 2.5.1.                           | <i>Metode Supervised Learning</i> .....           | 12 |
| 2.5.2.                           | <i>Neural Network</i> .....                       | 13 |
| 2.5.3.                           | <i>Convolutional Neural Network (CNN)</i> .....   | 13 |
| 2.5.4.                           | <i>Convolutional Layer</i> .....                  | 14 |
| 2.5.5.                           | <i>Pooling layer</i> .....                        | 15 |
| 2.5.6.                           | <i>Fully Connected Layer</i> .....                | 15 |
| 2.5.7.                           | <i>Normalization Layer (ReLU)</i> .....           | 15 |
| 2.5.8.                           | <i>Yolo</i> .....                                 | 16 |
| BAB III PERANCANGAN SISTEM ..... |                                                   | 18 |
| 3.1                              | Desain Sistem.....                                | 18 |
| 3.1.1.                           | Diagram Blok <i>Machine Learning</i> .....        | 18 |
| 3.2.                             | Perancangan Perangkat Keras .....                 | 19 |
| 3.2.1.                           | Spesifikasi Kebutuhan Perangkat Keras.....        | 19 |
| 3.2.2.                           | Pengkabelan Purwarupa .....                       | 21 |
| 3.3.                             | Perancangan Perangkat Lunak .....                 | 21 |
| 3.3.1.                           | Spesifikasi Perangkat Lunak .....                 | 21 |
| 3.3.2.                           | Dataset .....                                     | 22 |
| 3.3.3.                           | Skenario Pengujian <i>Machine Learning</i> .....  | 23 |
| 3.3.4.                           | Parameter Pengujian <i>Machine Learning</i> ..... | 23 |
| 3.3.5.                           | Perancangan Sistem Deteksi Pergerakan Mata .....  | 24 |
| 3.4.                             | Skenario Pengujian Alat.....                      | 25 |
| 3.4.1.                           | Denah Skenario Pengujian .....                    | 25 |
| 3.4.2.                           | Pengujian Jarak Objek Alat.....                   | 26 |
| 3.4.3.                           | Pengujian Kondisi Pencahayaan Ruangan .....       | 26 |
| 3.4.4.                           | Pengujian Posisi Objek.....                       | 27 |

|                                |                                                              |    |
|--------------------------------|--------------------------------------------------------------|----|
| 3.4.5.                         | Pengujian <i>Reliability</i> .....                           | 27 |
| 3.4.6.                         | Pengujian Langsung .....                                     | 28 |
| BAB IV HASIL DAN ANALISIS..... |                                                              | 29 |
| 4.1                            | Hasil Uji Fungsionalitas .....                               | 29 |
| 4.2                            | Hasil Percobaan <i>Machine Learning</i> .....                | 29 |
| 4.2.1                          | Pengujian dan Analisis Parameter <i>Batch Size</i> 16.....   | 30 |
| 4.2.2.                         | Pengujian Parameter <i>Batch Size</i> 32 .....               | 31 |
| 4.2.3.                         | Pengujian Parameter Batch size 64.....                       | 32 |
| 4.3.                           | Hasil Percobaan Alat.....                                    | 34 |
| 4.3.1.                         | Percobaan dan Analisis Berdasarkan Sudut Objek .....         | 34 |
| 4.3.2.                         | Percobaan dan Analisis Berdasarkan Kondisi Pencahayaan ..... | 35 |
| 4.3.3.                         | Percobaan dan Analisis Berdasarkan Jarak Objek .....         | 36 |
| 4.3.4.                         | Percobaan dan Analisis Berdasarkan <i>Reliability</i> .....  | 37 |
| 4.3.5.                         | Hasil Penggunaan Langsung. ....                              | 38 |
| BAB V SIMPULAN DAN SARAN.....  |                                                              | 39 |
| 5.1.                           | Simpulan .....                                               | 39 |
| 5.2.                           | Saran.....                                                   | 40 |
| DAFTAR PUSTAKA .....           |                                                              | 41 |
| LAMPIRAN.....                  |                                                              | 45 |
