

ACKNOWLEDGEMENTS

The author would like to thank Allah SWT., who has shown strength, patience, fluency, convenience, and ability to complete lectures so far and this thesis. During my studies at Telkom University and designing this thesis, the author received much help and encouragement from various parties, both directly and indirectly. In this opportunity, the author would like to thank you profusely:

1. Allah SWT. has always given His grace and blessing to the author, providing guidance and convenience for the author during the studies and the thesis preparation until the end.
2. The author's family, Mr. M. Jauhar Rosyidi (father), Mrs. Dewi Koriani (mother), Ratna Ulfa Wulandari (sister), Danial Aulia Rahman (brother), Anisa Shafira (sister), and the whole family of writers who always provide the best support and encouragement in the form of anything to the author.
3. Mr. Dr. Bambang Setia Nugroho, ST., M.T., as supervisor 1, has guided the author and provided a lot of knowledge and advice while working on this thesis.
4. Mrs. Dr. Helni Mutiarsih Jumhur, S.H., M.Hum., as supervisor 2, has guided the author and provided a lot of knowledge and advice while working on this thesis.
5. Everyone at Telkom University who has provided useful knowledge for writers during college and assisted writers in fulfilling the requirements to graduate.
6. Nada Nadhifa K, Rizkia Feriska, Yogantana Arum P, Dian Eka N, Nensi Nabila Z, Aditia Nur A, Fadhil Reza, Alvin Yusri, Desi Nurqamarina who always encourage, take time, give energy, and are very patiently helped the author in completing this Thesis. and other parties that cannot be mentioned one by one.

I hope that everyone who has helped the author during his studies and writing this thesis will always be healthy and successful in life. Thank you.
