

## PREFACE

Alhamdulillahirobbil'alamin, Praise for the Almighty Allah SWT who has bestowed His grace and guidance so that the writing of this bachelor's thesis entitled: **THE APPLICATION OF COMPRESSIVE SENSING (CS) ON VIDEO BASED ON DIFFERENCE BLOCK FRAME** can be completed. This bachelor's thesis is presented to fulfill one of the requirements in accomplishing the Study Program of Telecommunication Engineering Bachelor Degree, Telkom University. I would like to express my deepest gratitude to my first supervisor, Dr. Degree Budiman, S.T., M.T. and my second supervisor, Sofia Saidah, S.T., M.T., for their guidance, discussion, and support until the completion of this bachelor's thesis.

The deepest gratitude and honor would be finally dedicated to my beloved parents, family, and closest friends. It is undeniable that love, attention, motivation, enthusiasm, patience to wait for my graduation and enduring prayers throughout the day and night are important to me. Hopefully this bachelor's thesis will be useful to the writers, the readers, and the entire field of education.
