

PREFACE

Alhamdulillah, praise be to Allah the Almighty God. This Final Project is a journey in the last year of my undergraduate studies at the Industrial Engineering / Information Systems Undergraduate Study Program, Faculty of Industrial Engineering, Telkom University.

My thanks go to:

1. My Final Project advisor, Mr. Dino Caesaron, S.T., M.T., Ph.D., and Mrs. Ilma Mufidah S.T., M.T., MBA., Ph.D for their direction and guidance during the work of this final project.
2. My parents who always give moral support and prayers during the implementation of this Final Project and during my education.
3. As well as the writer's friends who cannot be mentioned one by one who has given encouragement and support from the beginning to the completion of this final project.
4. Purabaya field managed by CV Sarah as a case study in this final project who has been willing to provide data sources ranging from interviews, observations, and documents for the implementation of the final project.

I also thank all parties who indirectly contributed to the completion of this Final Project. The author is aware of the imperfections in preparing this final project. Therefore, the author hopes for criticism and suggestions from readers for the preparation of the Final Project so that it will be even better in the future. Finally, the author hopes that this research can be useful for those who read, need, and at the same time increase knowledge about the Final Project.
