

FOREWORD

Praise and gratitude to the presence of God Almighty, for his blessings and gifts, the author was able to complete this thesis with the title **Fault Tolerant Scheme for Steganography Control Data in Video Streaming**. The author conducted this thesis as a requirement to complete the master's degree education in Telecommunication Engineering, Faculty of Electrical Engineering, Telkom University.

This thesis has been prepared very well. If there are errors or omissions in writing for improvement, we welcome constructive criticism and suggestions. With all humility, I hope this thesis can be developed in a better direction and useful for readers and other researchers, especially for the field of education and future telecommunications research.

On this occasion the author would like to thank:

1. Mrs. Dr. Ida Wahidah, S.T., MT as the Head of the Electrical Engineering Master's Degree Study Program.
2. Mr. Dr. Eng Favian Dewanta, S.T., M.Eng as first Advisor.
3. Mr. Syamsul Rizal, S.T., M.Eng., Ph.D as second Advisor.
4. My family who always support me to finish this thesis.
5. All colleagues who cannot be mentioned one by one who have supported and assisted in the preparation of this thesis.
