

PREFACE

Praise be to the presence of God Almighty. By His grace and guidance, the author able to complete the proposal entitled "IDENTIFICATION OF ENTREPRENEURSHIP DIMENSIONS TO SUPPORT SDG TARGET 8.3 AT TELKOM UNIVERSITY (A Study of Brand Awareness For "Papaya Tanigochi" at Faculty of Creative Industry)" on time. The paper is prepared to fulfill the requirements to obtain a bachelor's degree in Management from the International ICT Business Study Program. In addition, this paper aims to add insight for the author as well as the readers of this paper.

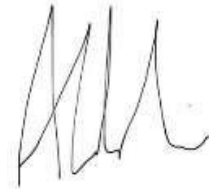

The author would like to thank several people who helped and supported the author in the process of working on this proposal, namely:

1. Dr. Ir. Ratna Lindawati Lubis, M.M., as the advisor of this research who has patiently guided and supported the author to write this mini thesis. Thank you for your guidance and belief that the author can finish this mini thesis
2. Dr. Astri Ghina, S.Si., M.S.M., Fajar Sidiq Adi Prabowo S.E., MBA, and Mediany Kriseka Putri, S.K.G., M.A.B., as the examiners of my final task, thank you for the ideas and suggestions.
3. Mr. Mochammad Yudha Febrianta, S.T., M.M. as the guardian lecturer who helped the author since the beginning of the study.
4. All the lecturers in International ICT Business and MBTI study program who has given me a lot of knowledges.
5. My family, Papa, Mama, Mas Eri, Kak Ira, Fani, Adit, and Bulik who always support and motivate the author through the times. Thank you all for the prayers, love, and supports.
6. My best friend Ji, who always listen, provided helps, give encouragement, and accompanies me through the times.

7. MB43INT03 friends for the help and support.
8. Wiyono Sutari Ir. M.T., Dr. Ir. Erna Sri Sugesti, M.Sc., four students of Telkom University's Faculty of Creative Industry, and Irma Rinanda as my informants and the parties who contributed in this mini thesis.

The author realized this proposal is still far from perfect. Therefore, suggestions and criticisms that can help us to develop our abilities are highly expected for the perfection of this proposal. Hopefully this research able to help future researcher.
