

## LIST OF TABLES

Table I.1 Error demand with production output.....	3
Table I.2 Export Realization in 2022 .....	4
Table I.3 Machine Idle Time .....	4
Table I.4 Root causes and alternative solutions .....	6
Table II.1 Westinghouse Adjustment Score .....	22
Table II.2 Shumard Adjustment Score.....	23
Table II.3 Design framework (Forecasting) .....	33
Table II.4 Design framework (RCCP) .....	34
Table II.5 Design Framework (Scheduling).....	35
Table III.1 Integrated System .....	38
Table IV.1 Operational Hour Data.....	39
Table IV.2 Operational Day Data .....	39
Table IV.3 Demand Data .....	40
Table IV.4 Number of Worker or Machine .....	40
Table IV.5 Efficiency and Utilization Data.....	41
Table IV.6 Cycle Time Data.....	42
Table IV.7 Symbolization.....	42
Table IV.8 Routing Job.....	42
Table IV.9 Routing Job in Time.....	43
Table IV.10 Uniformity Test .....	43
Table IV.11 Adequacy Test.....	44
Table IV.12 Normality Test.....	44
Table IV.13 Allowance Factor .....	46
Table IV.14 Total Standard Time .....	47
Table IV.15 Forecasting Method Error.....	48
Table IV.16 Aggregation Unit Process .....	49
Table IV.17 Forecasting result .....	50
Table IV.18 Disaggregate Unit Process.....	52
Table IV.19 RCCP with existing capacity feasibility analysis .....	54
Table IV.20 Ideal Amount of Machine.....	55
Table IV.21 RCCP with ideal capacity feasibility Result .....	55

Table IV.22 Gap Between Existing and Ideal Capacity .....	56
Table IV.23 Converting Demand to Job/Day .....	57
Table IV.24 Routing Machine in Time (January) .....	57
Table IV.25 K-iteration in January .....	58
Table IV.26 CDS Forward Scheduling .....	59
Table IV.27 Routing Machine Time with Lot Size in January .....	59
Table IV.28 K-iteration in January with Lot Size .....	60
Table IV.29 CDS with Lot Size Forward Scheduling .....	61
Table V.1 Error difference between existing and forecast (MSE) .....	65
Table V.2 Error difference between existing and forecast (MAD) .....	66
Table V.3 Error difference between existing and forecast (MAPE) .....	67
Table V.4 Error calculation recap .....	68
Table V.5 Average of Required and Available Capacity .....	68
Table V.6 Makespan Comparison .....	69
Table V.7 Proposed Idle time .....	70
Table V.8 Machine Electricity Cost .....	70
Table V.9 Maintenance Cost .....	71
Table V.10 Total Machine Cost 2021-2022 .....	71
Table V.11 Raw material, Inventory, and Backorder Cost .....	71
Table V.12 Total Cost 2021-2022 .....	72
Table V.13 Verification result .....	72
Table V.14 Validation Result .....	74
