

PREFACE

All praises and thanks to Allah SWT because of the abundance of grace and guidance, I am immensely pleased to present this mini thesis entitled **"Measurement of Supply Chain Management Performance Using SCOR Model (Supply Chain Operation Reference), A Case Study of Main Warehouse Section at PT Vale Indonesia Tbk"**. This study delves into the intricate world of supply chain management, utilizing the renowned SCOR model to assess and gauge the performance of the supply chain operations. The case study conducted at PT Vale Indonesia Tbk's Main Warehouse Section offers valuable insights into real-world applications of supply chain management principles.

Undertaking this research would not have been possible without the support, guidance, and encouragement from various individuals and institutions. I extend my heartfelt gratitude to all those who contributed to the realization of this study.

I would like to express my sincere gratitude to the following individuals and organizations for their unwavering support and invaluable contributions, which have been instrumental in the successful completion of this research:
