

Introduction

Assalamu'alaikum Warahmatullahi Wabarakatuh

Praise the presence of Allah SWT, for the abundance of His Grace and Grace, so that the author can complete the Thesis entitled ***PRICING MODEL STRATEGIES FOR 5G NETWORK (A CASE STUDY OF PRICING SIMULATION FOR B2C eMBB and B2B FWA IN BANDUNG CITY)*** in time. The author compiled this thesis to meet one of the requirements in completing a master's education on the S2 Electrical Engineering study program, Telecom University.

The author realizes in the writing of this Thesis is still far from perfect, and there are many shortcomings both in the method of writing and in the interpretation of the material. That's because of the author's limitations. So the author expects constructive advice and criticism.

In conclusion, the author expresses his gratitude to all those who have helped and the author hopes that this thesis will be of benefit to the author himself and to the reader in general as well as to the educational world in general. Wassalamu'alaikum Warahmatullahi Wabarakatuh
