

## DAFTAR TABEL

|                                                                               |    |
|-------------------------------------------------------------------------------|----|
| <b>Tabel II.1</b> Kajian Penelitian Terkait.....                              | 11 |
| <b>Tabel II.2</b> Posisi Penelitian .....                                     | 15 |
| <b>Tabel III.1</b> Contoh Data Perhitungan MA .....                           | 24 |
| <b>Tabel III.2</b> Contoh Data Perhitungan WMA .....                          | 24 |
| <b>Tabel III.3</b> Contoh Perhitungan Data ES .....                           | 25 |
| <b>Tabel III.4</b> <i>Timeline</i> Penelitian .....                           | 29 |
| <b>Tabel IV.1</b> Data Produksi.....                                          | 31 |
| <b>Tabel IV.2</b> Data Ongkos Pesan .....                                     | 32 |
| <b>Tabel IV.3</b> Data Ongkos Simpan .....                                    | 33 |
| <b>Tabel IV.4</b> Data Harga Baterai dan Rangka.....                          | 34 |
| <b>Tabel IV.5</b> Perhitungan <i>Moving Average</i> .....                     | 36 |
| <b>Tabel IV.6</b> Perhitungan <i>Weight Moving Average</i> .....              | 37 |
| <b>Tabel IV.7</b> Perhitungan <i>Exponential Smoothing</i> .....              | 39 |
| <b>Tabel IV.8</b> Penentuan <i>Error</i> Terkecil .....                       | 40 |
| <b>Tabel IV.9</b> Hasil Peramalan Data Produksi Metode MA.....                | 41 |
| <b>Tabel V.1</b> Hasil Perhitungan <i>Moving Average</i> .....                | 46 |
| <b>Tabel V.2</b> Hasil Perhitungan <i>Weight Moving Average</i> .....         | 47 |
| <b>Tabel V.3</b> Hasil Perhitungan <i>Exponential Smoothing</i> .....         | 48 |
| <b>Tabel V.4</b> Hasil Perhitungan <i>Oen</i> .....                           | 51 |
| <b>Tabel V.5</b> Hasil Perhitungan Ongkos Minimum.....                        | 52 |
| <b>Tabel V.6</b> Kebijakan Inventory Dengan Metode <i>Wagner Within</i> ..... | 53 |
| <b>Tabel V.7</b> Perbandingan Hasil Biaya <i>Inventory</i> .....              | 54 |
