

LIST OF FIGURES

2.1	VANET Communication	9
2.2	VANET on NDN	11
2.3	Architecture of V-NDN model	12
2.4	VANET on IP	13
2.5	protocol on NDN and TCP/IP	14
2.6	Format of NDN interest and data packets	16
2.7	Forwarding process on NDN	17
2.8	TCP three-way handshake	20
2.9	Signal on NDN	21
3.1	System Model	30
3.2	flowchart self-learning default	32
3.3	flowchart self-learning elimination NACK mechanism	33
3.4	flowchart self-learning limitation NACK mechanism	35
3.5	Log Simulation	36
3.6	simulation urban area.	39
4.1	Comparison graph of round trip time results	43
4.2	Comparison graph of Throughput results	45
4.3	Comparison graph of Cache Hit Ratio results	47
4.4	Comparison graph of Round Trip Time results	49
4.5	Comparison graph of Throughput results	50
4.6	Comparison graph of Cache Hit Ratio results	51
