

PREFACE

Assalamualaikum Warahmatullahi Wabarakatuh.

Praise be to theirat Alloh SWT who has given his grace and guidance so that I can complete the thesis entitled **Optimizing Self-Learning Forwarding Strategies in Vehicular Named Data Network**. The purpose of this writing as a requirement to take a Master's degree and complete education in the Master of Electrical Engineering study program at Telkom University, Bandung.

The author realizes that this Final Project is far from perfect. Therefore, constructive criticism and suggestions will be awaited by the author for the perfection of this Thesis Project.

Thus this final project is prepared, hoping that this thesis can provide benefits for both writers and readers. Finally, the author apologizes for all mistakes both intentional and unintentional in the preparation of the Thesis.

Wassalamualaikum Warahmatullahi Wabarakatuh.
