

PREFACE

Praise be to Allah SWT, the All-knowing, for His abundant mercy and guidance. I am grateful that I have been able to complete my thesis entitled **“ENHANCING DONOR TRUST THROUGH A BLOCKCHAIN-BASED TRACEABILITY MODEL FOR CHARITABLE CONTRIBUTIONS”**. This thesis was written to fulfill one of the graduation requirements for the bachelor’s degree (S1) Study Program Management in Business of Technology and Information (MBTI), Faculty of Economics and Business, Telkom University Bandung.

In completing this study and writing this thesis, I received immense guidance, criticism, advice, and motivation from various parties. Therefore, I would like to extend my heartfelt thanks to:

1. Mr. Dr. Andry Alamsyah, S.Si., M.Sc., my supervisor, for all the guidance, direction, advice, and support provided to me, enabling the successful completion of this thesis.
2. Mrs. Dr. Nidya Dudija S.Psi., M.A., my academic advisor, guided me from the beginning to the end of the lecture.
3. All lecturers of the bachelor’s degree (S1) Study Program Management in Business of Technology and Information (MBTI) who have provided me with valuable knowledge and guidance throughout my education at Telkom University.
4. My beloved parents, Sanudding and Fatma, and my siblings, Amelia and Ririk. Thank you for all your support, love, attention, advice, and prayers, and for always patiently handling me. I hope to make you all proud.
5. Elviana, my lifelong best friend since senior high school, has always been there for me in every situation, offering unwavering support and encouragement.
6. Oni, Fiola, and Siska, my fellow friends from afar, who have always been my second home in Bandung, providing me with comfort, support, and companionship during the completion of this thesis.
7. To Anisa Putri Rustana, Waritsa, Balqis, and all of Mbakbro and Masbro from Al-Fath Gen 10, whose joy and laughter have lifted my spirits and provided much-needed cheerfulness during the challenging times of working on this thesis.
8. All parties who have been involved, either directly or indirectly, in helping the author complete this research.

The author would also like to express her deepest gratitude to all those who have helped in the smooth running of this research, both directly and indirectly. This thesis can provide benefits and positive contributions to developing science and practice in the field. Amin
