

## ACKNOWLEDGMENTS

This thesis is compiled with the effort, help, and support from both students and lecturers. I would like to express my deepest gratitude and thanks to:

1. First and foremost, to Almighty God, Allah S.W.T., for His endless mercy and grace, which allowed me to successfully complete this research.
2. To my parents, wife and children who have given me support to complete this Master's degree.
3. To my supervisor, Dr. Didit Adytia, S.Si., M.Si., for his invaluable guidance, even outside of working hours, and for the wealth of knowledge he shared with me throughout this journey.
4. To Mr. Stephen Dharma, Karimah, and colleagues at PT Aerosysmtems Indonesia who have given their time and cooperation to conduct research on this Thesis.
5. To all the lecturers and staff of the Faculty of Informatics at Telkom University, for their knowledge, guidance, and assistance during my master's studies.
