

LIST OF FIGURES

LIST OF FIGURES

Figure 1. 1. 5G spectrum band.....	2
Figure 1. 2. Global 5G experience by 2023.....	3
Figure 1. 3. Conceptual framework of metasurface antenna design.	5
Figure 2. 1. Microstrip patch antenna.	10
Figure 2. 2. Top view of microstrip antenna.....	10
Figure 2. 3. Unit cell RSRR.....	13
Figure 2. 4. Metasurface RSRR unit cell.....	15
Figure 2. 5. Nylon-6 spacers.....	15
Figure 3. 1. System scenario.....	18
Figure 3. 2. Metasurface antenna design stage.	19
Figure 3. 3. Metasurface antenna design diagram.	21
Figure 3. 4. Microstrip antenna design flowchart.	23
Figure 3. 5. RSRR metamaterial design flowchart.	29
Figure 3. 6. RSRR initial design.	30
Figure 3. 7. Metasurface antenna design flowchart.	31
Figure 3. 8. Initial design of metasurface antenna.	32
Figure 3. 9. Measurement schematic of metasurface antenna.	33
Figure 4. 1. Microstrip antenna initial design.....	35
Figure 4. 2. Microstrip antenna simulation results.....	36
Figure 4. 3. Microstrip antenna simulation results.....	38
Figure 4. 4. RSRR simulation.....	40
Figure 4. 5. Metasurface antenna simulation results.....	42
Figure 4. 6. Adjustment 1 RSRR length and width.....	44
Figure 4. 7. Adjustment 2 RSRR length and width.....	47
Figure 4. 8. Adjustment 3 RSRR length and width.....	49
Figure 4. 9. Adjustment 4 gap cut on RSRR.	52
Figure 4. 10. Adjustment 5 Inner RSRR width.....	54
Figure 4. 11. Adjustment 6 gap between RSRRs in the y-axis.	56

Figure 4. 12. RSRR simulation.....	59
Figure 4. 13. Simulation of selected metasurface antenna.....	60
Figure 4. 14. Resonant frequency adjustment results.....	62
Figure 4. 15. Simulation of selected microstrip antenna.....	64
Figure 4. 16. Final design of metasurface antenna.....	65
Figure 4. 17. Antenna fabrication.....	66
Figure 4. 18. Metasurface Antenna Measurement.....	70
Figure 4. 19. Comparison of MPA and Metasuraface measurement results.....	73
Figure 4. 20. RSRR Geometry.....	73
Figure 4. 21. Current Surface of proposed metasurface.....	74
Figure 4. 22. Simulation and measurement of S_{11} on the antenna.....	75
Figure 4. 23. Simulation and Measurement of Radiation Pattern on Antenna.....	77
