

PREFACE

Assalamualaikum Warahmatullahi Wabarakatuh.

I express my sincere gratitude and praise to Allah SWT for His blessings, mercy, and guidance me to complete this Master's Thesis titled **TECHNICAL AND REGULATORY ANALYSIS OF GSO SATELLITE AT KA-BAND FREQUENCY IN INDONESIA CASE STUDY : SATRIA-1 AND KACIFIC-1**. This thesis fulfills one of the requirements for earning a Master's degree in Electrical Engineering at the School of Electrical Engineering, Telkom University.

I sincerely apologize for any mistakes found within this thesis. Acknowledging that it is far from perfect, I wholeheartedly welcome constructive feedback and suggestions for improvement. I hope this work proves to be valuable for readers and can contribute meaningfully to the fields of education and engineering in the future.

Wassalamualaikum warahmatullahi wabarakatuh.
