

LIST OF FIGURES

Figure 2. 1 Satellite Communication System.	6
Figure 2. 2 The geometry of the mean path length in a satellite constellation.	7
Figure 2. 3 Starlink satellites at an altitude of 550 km.	8
Figure 2. 4 Starlink Availability.	9
Figure 2. 5 Ketersediaan Starlink di Indonesia.	9
Figure 2. 6 Starlink's router and dish.	10
Figure 2. 7 Fiber Optic's cable structure.	11
Figure 2. 8 Fiber optic penetration coverage in Indonesia.	12
Figure 2. 9 Indonesia households having access to fixed broadband service.	12
Figure 2. 10 LEO coverage area geometry.	13
Figure 3. 1 Research Framework.	19
Figure 3. 2 Starlink's Specifications.	21
Figure 3. 3 Starlink's Market Share Comparison.	22
Figure 3. 4 Estimated 2024 Local ISPs Market Share Growth.	24
Figure 3. 5 Domestic Internet Bandwidth Usage Identification	26
Figure 3. 6 Research Area in West Java.	26
Figure 3. 7 Technical Analysis Framework.	27
Figure 3. 8 nPerf.	28
Figure 3. 9 Economic Analysis Framework.	29
Figure 4. 1 Starlink Gen 3 2 Kit.	31
Figure 4. 2 Starlink Download Result.	32
Figure 4. 3 Starlink Upload Result.	33
Figure 4. 4 Starlink latency result.	34
Figure 4. 5 Starlink packet loss result.	35

Figure 4. 6 FTTx download result.	36
Figure 4. 7 FTTx upload result.	37
Figure 4. 8 FTTx latency result.	38
Figure 4. 9 FTTx packet loss result.	39
Figure 4. 10 Download throughput results distribution.	40
Figure 4. 11 Upload throughput results distribution.	40
Figure 4. 12 Latency results distribution.	41
Figure 4. 13 Jitter results distribution.	41
Figure 4. 14 Packet loss results distribution.	43
Figure 4. 15 Outages result in dense urban.	44
Figure 4. 16 Outages result in rural.	45
Figure 4. 17 Hourly availability average.	45
Figure 4. 18 Throughput performance in dense urban areas.	53
Figure 4. 19 Latency and jitter performance in dense urban areas.	54
Figure 4. 20 Packet loss performance in dense urban areas.	54
Figure 4. 21 Throughput performance in urban areas.	55
Figure 4. 22 Latency and jitter performance in urban areas.	56
Figure 4. 23 Packet loss performance in urban areas.	56
Figure 4. 24 Throughput performance in suburban areas.	57
Figure 4. 25 Latency and jitter performance in suburban areas.	58
Figure 4. 26 Packet loss performance in suburban areas.	58
Figure 4. 27 Throughput performance in rural areas.	59
Figure 4. 28 Latency and jitter performance in rural areas.	60
