

## DAFTAR ISI

|                                                 |      |
|-------------------------------------------------|------|
| ABSTRAK .....                                   | i    |
| ABSTRACT .....                                  | ii   |
| LEMBAR PENGESAHAN .....                         | iii  |
| HALAMAN PERNYATAAN ORISINALITAS .....           | iv   |
| KATA PENGANTAR.....                             | v    |
| DAFTAR ISI .....                                | vi   |
| DAFTAR GAMBAR .....                             | ix   |
| DAFTAR TABEL.....                               | x    |
| DAFTAR LAMPIRAN .....                           | xii  |
| DAFTAR ISTILAH .....                            | xiii |
| BAB I PENDAHULUAN .....                         | 1    |
| I.1    Latar Belakang .....                     | 1    |
| I.2    Alternatif Solusi .....                  | 5    |
| I.3    Perumusan Masalah .....                  | 7    |
| I.4    Tujuan.....                              | 8    |
| I.5    Batasan dan Asumsi Perancangan.....      | 8    |
| I.5.1    Batasan Perancangan.....               | 8    |
| I.5.2    Asumsi Perancangan .....               | 8    |
| I.6    Manfaat .....                            | 9    |
| I.7    Sistematika Penulisan .....              | 10   |
| BAB II LANDASAN TEORI .....                     | 12   |
| II.1    Literatur Terkait.....                  | 12   |
| II.1.1    Manajemen Pakan Unggas .....          | 12   |
| II.1.2 <i>Product Development</i> .....         | 12   |
| II.1.3    Otomatisasi.....                      | 14   |
| II.1.4 <i>Quality Function Deployment</i> ..... | 15   |
| II.2    Pemilihan Metode .....                  | 19   |
| BAB III METODE PENYELESAIAN MASALAH .....       | 21   |
| III.1    Sistematika Perancangan.....           | 21   |

|                                        |                                                 |    |
|----------------------------------------|-------------------------------------------------|----|
| III.1.1                                | Tahap Pendahuluan .....                         | 22 |
| III.1.2                                | Tahap Pengumpulan Data .....                    | 23 |
| III.1.3                                | Tahap Pengolahan Data.....                      | 25 |
| III.1.4                                | Tahap Verifikasi dan Validasi.....              | 25 |
| III.1.5                                | Tahap Kesimpulan dan Saran.....                 | 26 |
| III.2                                  | Identifikasi Komponen Sistem Terintegrasi ..... | 27 |
| III.3                                  | Rencana Waktu Penyelesaian Tugas Akhir .....    | 28 |
| BAB IV PENYELESAIAN PERMASALAHAN ..... |                                                 | 29 |
| IV. 1                                  | Pengumpulan Data .....                          | 29 |
| IV.1. 1                                | Objek Penelitian .....                          | 29 |
| IV.1. 2                                | Data Primer .....                               | 29 |
| IV.1. 3                                | Data Sekunder .....                             | 32 |
| IV. 2                                  | Pengolahan Data.....                            | 34 |
| IV.2.1                                 | Tahap Perencanaan ( <i>Planning</i> ) .....     | 34 |
| IV.2.2                                 | <i>Need Statement</i> .....                     | 35 |
| IV.2.3                                 | <i>Degree of Importance</i> .....               | 37 |
| IV.2.4                                 | <i>Technical Response</i> .....                 | 37 |
| IV.2.5                                 | <i>Target Spesification</i> .....               | 40 |
| IV.2.6                                 | <i>Relationship</i> .....                       | 41 |
| IV.2.7                                 | <i>Technical Response Priorities</i> .....      | 42 |
| IV.2.8                                 | <i>Technical Correlation</i> .....              | 43 |
| IV.2.9                                 | <i>House Of Quality</i> .....                   | 44 |
| IV.2.10                                | <i>Concept Generation</i> .....                 | 45 |
| IV.2.11                                | <i>Concept Selection</i> .....                  | 55 |
| IV.2.12                                | <i>Material Selection</i> .....                 | 59 |
| IV. 3                                  | Hasil Perancangan.....                          | 61 |
| IV.3.1                                 | Verifikasi Hasil Perancangan .....              | 61 |
| IV.3.2                                 | Gambar Hasil Perancangan .....                  | 64 |
| IV.3.3                                 | Mekanisme Kerja Hasil Perancangan .....         | 68 |
| BAB V ANALISIS.....                    |                                                 | 70 |
| V.1                                    | Validasi .....                                  | 70 |
| V.2                                    | Analisis Penyelesaian Masalah .....             | 72 |

|                |                                 |    |
|----------------|---------------------------------|----|
| V.2.1          | Analisis Sistem.....            | 72 |
| V.2.2          | Analisis Von Misses Stress..... | 75 |
| V.3            | Analisis Implementasi.....      | 76 |
| V.4            | Implikasi Tugas Akhir.....      | 77 |
| BAB 6          | KESIMPULAN DAN SARAN .....      | 80 |
| VI.1           | Kesimpulan .....                | 80 |
| VI.2           | Saran.....                      | 80 |
| DAFTAR PUSTAKA | .....                           | 82 |
