

ACKNOWLEDGEMENTS

During this Final Project, the author received a lot of help in the form of support, direction, and material, as well as input from many parties. On this occasion, the author would like to express his deepest gratitude. To those who helped compile this Final Project Book, especially to:

1. Allah SWT who has given His grace and grace so that the author gets smoothness in the implementation to the preparation of the final assignment report.
2. The author's mother, sister and family who always provide support and send prayers to the author, in order to complete the study smoothly.
3. Mr. Dr.-Ing Fiky Y. Suratman, S.T., M.T as Supervisor I and Mrs. Istiqomah, S.T. M.Sc. as Supervisor II who have guided and directed in the Final Project and provided all knowledge. Thank you for taking the time to guide from start to finish, hopefully the knowledge provided can be useful, especially for the author.
4. Mr. Dr. Eng. Dr. Willy Anugrah Cahyadi as a lecturer. Who has provided advice, counsel, opportunities, and knowledge that is very useful for the author.
5. Ghuftron Ardiansyah, Aliah Diah Wulandari, M. Aushaf Al Farras dan Muhammad Iqbal as partners in undergoing the Undergraduate Degree and helping to solve problems and encourage to make the author more enthusiastic in the preparation of the final project.
6. SPELL Laboratory friends who helped the author in the data collection process and completing this Final Project.
7. Classmates and Daskom Laboratory who supported the author in completing the Final Project research.
8. Electrical Engineering undergraduate lecturers who have provided knowledge to the author in order to develop during lectures.
9. All those who have helped and provided support to the author whose names cannot be mentioned one by one.

I hope that the kindness of all those who have helped both directly and indirectly in completing the author's Final Project will be rewarded many times over. Thank you.
