

## ACKNOWLEDGEMENT

Assalamu'alaikum Warahmatullahi Wabarakatuh.

Alhamdulillah, Hirabbil'amin, praise be to the author for the presence of Allah SWT who has given His Grace and Guidance, so that the author can complete the Thesis with the title "**DESIGN OF CIRCULAR PATCH MICROSTRIP MIMO ANTENNA AT FREQUENCY OF 3.5 GHZ FOR 5G BASE STATION APPLICATION**". This thesis was prepared to meet the graduation requirements at the final project stage of the Master of Electrical Engineering Program, Telkom University Bandung.

1. On this occasion, the author would also like to express his deepest gratitude to:
2. Allah SWT and the Prophet Muhammad PBUH who always bestows His mercy because without Allah I would mean nothing.
3. My dear departed mother, who raised me, cared for me and educated me and my sister during her life. Papa who has always struggled to support his two children until now and my sister, Lona who always supports the writer to be able to complete the Final Project.
4. My beloved extended family in West Sumatra (Padang Kota, Solok Kota and so on), West Java (Bogor Kota), Riau Islands (Batam Kota) and Malaysia (Kuala Lumpur, Taping, Kuala Terengganu and so on) who constantly provide support to the writer to always be enthusiastic in studying and doing the Final Project.
5. Mr. Prof. Dr. Aloysius Adya Pramudita, ST, MT as the supervisor for all the directions, guidance, and advice given to the author to complete this Final Project.
6. Mrs. Dr. Yus Natali, ST, MT as supervisor II for all directions, guidance, and advice given to the author to complete this Final Project.
7. Mr. Dr. Koredianto Usman, ST, M.Sc as a lecturer advisor, for the guidance, information and advice given during the lecture period.

8. All employees, staff and lecturers of Telkom University, especially to the Master of Electrical Engineering program, who have provided a lot of useful knowledge and assistance to the author.
9. All parties who have given encouragement to authors who cannot be mentioned one by one

The author realizes that in the preparation of this Final Project there are still many shortcomings. Therefore, the author expects constructive suggestions and criticism. Hopefully this final project can be useful for readers and writers.

Wassalamu'alaikum Warahmatullahi Wabarakatuh

Bandung, August 04, 2025

Author,

Febri Zenti Ramadhani
