

## **List of Tables**

|  |    |
|--|----|
| Table II-1. Comparison of VAPT Characteristics with Similar Methods..... | 5  |
| Table II-2. Previous Studies.....  | 6  |
| Table IV-1. Hardware Specifications.....                                 | 14 |
| Table IV-2. Software Specifications .....                                | 15 |
| Table IV-3. Nmap Test Results.....                                       | 16 |
| Table IV-4. Vulnerability Categories in Nessus .....                     | 17 |
| Table IV-5. Scanning Results Using Nessus .....                          | 18 |
| Table IV-6. Color-Based Warning on WPScan .....                          | 19 |
| Table IV-7. Scan Results on WPScan.....                                  | 20 |
| Table IV-8. Severity and Confidence Categories OWASP ZAP .....           | 22 |
| Table IV-9. Scanning Results from OWASP ZAP .....                        | 23 |
| Table IV-10. List Vulnerability .....                                    | 24 |
| Table V-1. Mitigation Design .....                                       | 36 |
| Table V-2. Post-Mitigation Retesting .....                               | 40 |
