

## DAFTAR GAMBAR

|                                                                     |    |
|---------------------------------------------------------------------|----|
| Gambar 1.1 Grafik komposisi E-waste berdasarkan Jenis Materia ..... | 5  |
| Gambar 3.1 Pemisahan Sampah Secara Manual .....                     | 29 |
| Gambar 3.2 Pemisahan Sampah Menggunakan Conveyor .....              | 30 |
| Gambar 3.3 smart trash bin .....                                    | 31 |
| Gambar 3.4 ESP32 .....                                              | 32 |
| Gambar 3.5 Arduino Uno .....                                        | 33 |
| Gambar 3.6 Raspberry pi pico .....                                  | 34 |
| Gambar 3.7 Sensor Proximity induktif .....                          | 35 |
| Gambar 3.8 Sensor Proximity kapasitif .....                         | 36 |
| Gambar 3.9 Metal detektor module .....                              | 36 |
| Gambar 3.10 Servo Sg90 .....                                        | 38 |
| Gambar 3.11 Mg90s.....                                              | 39 |
| Gambar 3.12 Mg996R.....                                             | 39 |
| Gambar 3.13 Desain Alat 2D .....                                    | 54 |
| Gambar 3.14 Tampak depan alat .....                                 | 55 |
| Gambar 3.15 Tampak samping alat .....                               | 55 |
| Gambar 3.16 Tampak atas alat .....                                  | 55 |
| Gambar 3.17 Desain PCB .....                                        | 56 |
| Gambar 3.18 Flowchart Sistem Alat Pemilah Sampah .....              | 58 |
| Gambar 3.19 Diagram Blok Sistem Alat .....                          | 59 |
| Gambar 4.1 Sensor Hcsr .....                                        | 68 |
| Gambar 4.2 Motor Servo .....                                        | 68 |
| Gambar 4.3 Sensor Proximity Kapasitif .....                         | 70 |
| Gambar 4.4 Sensor Proximity Induktif .....                          | 70 |
| Gambar 4.5 LCD Monitor .....                                        | 71 |
| Gambar 4.6 Esp32 .....                                              | 71 |
| Gambar 4.7 Tampilan notifikasi pada telegram .....                  | 79 |
| Gambar 4.8 Tampilan alat .....                                      | 80 |
