

PREFACE

The author would like to express all praise and gratitude to the presence of God who has given His grace, help, and gifts to the author so that this Final Assignment entitled "MEASURING THE MESSAGE OF VAPING'S HARM EXPOSURE ON FOLLOWERS' ATTITUDES AND INTENTIONS" can be expressed well as one requirements for discussing undergraduate studies in Communication Science at the Faculty of Communication and Social Science, Telkom University.

This research would not have been completed well without the help of prayers, support, and guidance from various parties, so the author would like to express his deepest thanks to :

1. The author's parents always support the author while carrying out practical work and preparing practical work reports.
2. Mrs. Amanda Bunga Gracia and Mrs. Rita Destiwati as advisors who have patiently taken the time and guided the writer with all his input and knowledge.
3. All Business Communication lecturers and admin staff provided useful knowledge and insight during lectures.
4. All parties that cannot be mentioned individually and always provide support and encouragement.

The author realizes that this thesis still has limitations and shortcomings. Therefore, the author hopes for constructive criticism and suggestions for future research development.

Finally, the author hopes this thesis can provide significant scientific benefits and contributions to the development of science and society. May Allah SWT always provide His grace and guidance in every step of our life journey.
