

FATAL ILLUSIONS

“a real gut check! Stimulaqtion and informative...a road map for attacking the ‘enemy within.’ This book will challenge you to step outside yourself and see things as they really are.”

Alex Zaks, Senior Partner, Altegra Command & Control System, Inc.

“Lucas puts the choices right out there: We can try to live a life built on illusion, or we can go after what we really need-truth. Read fatal illusion for its sobering account of the delusions that often trap us, but even more for its guidance on how to stop ‘illuding’ and start living with reality.”

Lee G. Bolman, Ph.D., Marion Bloch Profesor of Leadership

Bloch School of Business and Public Administration, University of Missouri – Kansas City

“Provides ‘forward-focus’ tools that clarify where you want to go, help you see the gap between the target and your current reality, and show you how to close the gap. I haven’t seen anything else that gives such a clear picture of (how to achieve) key organizational goals.”

Ed Oakley, CEO, Enlightened Leadership International, Inc.

“Lucasputs the organization on the therapist’s couch and makes it experience the truth...a healty exercise for those organizations experiencing hangovers from consuming too much hype.”
